PROFESSIONAL EXPERIENCE

Accenture

Manhattan, New York

North America Apprentice – Bristol Myers Squibb

September 2025 – August 2026

- Completed 50+ trainings in compliance, cybersecurity, information protection, and project management to support work within Bristol Myers Squibb.
- Applied Generative AI, Prompt Engineering, RAG, AI Agent, and AWS concepts through technical exercises, experimentation, and independent learning.
- Explored chatbot, RAG, Vectorless RAG, AutoGen, LangGraph, and MCP solutions using AI-assisted development tools.
- Used AI-assisted development tools in VS Code to review, refine, test, and better understand code while exploring API integrations.
- Developed foundational knowledge of AWS services, including Bedrock and S3, through training, hands-on learning, and technical exercises.
- Created documentation, learning summaries, and presentation materials for AI, AWS, RAG, and agent-based technology topics.
- Continued coursework in programming, machine learning, AI, data, and cloud technologies.

Technology & Marketing Apprentice

October 2022 – September 2025

- Completed 250+ hours of training in Microsoft 365, professional communication, public speaking, product life cycles, and workplace readiness.
- Collaborated with teams to build chatbot and website prototypes while applying basic coding, agile methodology, design, and business analysis concepts.
- Analyzed MyNav client data, categorized websites as RAD or Legacy, and supported project management activities to improve delivery organization.
- Created newsletters, PowerPoint templates, weekly call decks, reports, and summarized web content to support Marketing & Communications initiatives.
- Presented in panels, supported program awareness efforts, mentored peers, and developed training materials for apprenticeship and workforce development initiatives.

Casa Blanca

Tribeca New York

Licensed Real Estate Salesperson

November 2024 – January 2025

- Met with buyers to understand their needs, preferences, and budget for purchasing a property
- Searched for properties that match buyer's criteria, including homes for sale, off-market properties, and properties with potential for negotiation
- Arranged and attended property showings, accompanying the buyer to view the property
- Represented the buyer's interest by advocating for the buyer
- Facilitated communication-serving as the main point of contact between the buyer and the seller
- Provided referrals for related services to connect buyers with other professionals to assist in securing financing

Careerwise
